

The 9th MINEX Central Asia Mining & Exploration Forum will be held on 17-19 April 2018 in Astana, Republic of Kazakhstan

MINEX Central Asia Forum regularly brings together over 300 government regulators, mine operators, prospectors, geologists, investors, experts, financiers and service companies from Central Asia, CIS and overseas.

THE FORUM'S KEY THEMES

- Managing projects in evolving regulatory environment
- Adapting new technologies (from exploration and mining to processing and mine site reclamation)
- Exploration and mineral resource development
- Funding mining and exploration projects

FORUM AGENDA

17 April

Master classes on hot topics related to economic efficiency of mining processes and case studies on applying innovative technology.

18-19 April

Plenary and technical sessions devoted to the issues of legal support of the mining industry; risk assessment and prospects for attracting investments for new subsoil assets; introduction of advanced standards of social and

environmental responsibility in mining sector; introduction of "smart" technologies, etc.

The **exhibition** organised within the framework of the forum, will provide participants with an opportunity to be acquainted with innovative technologies of exploration, evaluation,

extraction and practical experience of their implementation in enterprises.

MineVenture Investment Accelerator Competition will provide participants with an opportunity to present projects to a group of investors and

banks interested in supporting the development of new subsoil assets.

MineTech Technology Accelerator Competition will offer a platform for the presentation of technical challenges and solutions

for mining enterprises.

MINEX Central Asia Forum 2018 focus

The Forum will offer an industry-wide discussion on strategic rethinking of the economic priorities and emerging role of the mining industry as potential backbone for economic growth of the mineral-rich countries of Central Asia.

Local and international companies whose professional interests are aligned with the mining industries of Kazakhstan, Kyrgyzstan, Tajikistan and Uzbekistan are cordially invited to shape up ideas and present their vision for new business and investment opportunities at MINEX Central Asia 2018 Forum in Astana.

What to expect

- 3 days content-rich Forum programme
- 10 informative sessions and debates
- In-depth practical workshops delivered by top experts
- Excellent opportunities for networking and contacts development
- Over 70 reports and presentations
- An industry exhibition alongside the Forum
- MineTech "Hackatron" competition focused on innovative technologies for efficiency improvement
- MineVenture highlighting investment opportunities and stimulating their realisation via traditional and alternative sources of funding.
